Experience

UI/UX Designer Freelance

June 2024 → Present

Venice, Italy

Specialized in UI/UX design for digital products (platforms, websites, and e-commerce). Creation of visual identities and full brand strategy. Strategic consulting for startups and independent professionals.

UI/UX Designer - Work-Study Program Rainbow (formerly Riverse)

September 2022 → June 2024

Paris, France

Designed the user experience and interface for Riverse's MRV and Registry products. Developed the Design System in Figma and collaborated with cross-disciplinary teams to meet the needs of the scientific team. Maintained constant communication with developers and worked closely with the project manager, contributing to key updates and decisions.

Reference: Clément Georget / CTO of Riverse

Front-End Developer Doozy

May 2021 → August 2022

Padua, Italy

Developed and integrated websites on WordPress, focusing on modern, responsive interface design. Experience in UX/UI prototyping with Adobe XD, along with in-depth front-end development training, strengthening skills in JavaScript, HTML/CSS, and collaboration within cross-disciplinary teams.

Graphic Designer Indipendent

August 2019 → March 2021

Lyon and Tours, France

Designed printed materials for the city of Selvazzano (Italy). Created custom visual identities for various projects.

Graphic Designer - Internship Tote ADV

October 2018 → January 2019

Padua, Italy

Learned the fundamentals of print and digital graphic design.

Education

Master's Degree in UI/UX Design

Sorbonne Paris Nord / Campus Fonderie de l'Image

June 2024

Paris, France

Theoretical and practical program in UX and UI design, web design, project management, and art direction. End-to-end digital product design, from UX research to development-ready prototypes.

Bachelor's Degree in Communication Università degli Studi di Padova

August 2020

Padua, Italy
